

Sharon Wee Creations - Wedding Cake Design Process

Your wedding is a special day and we understand that the time leading up to the wedding can be stressful so let us help you to make your cake selection easier.

Our promise to you

As part of our service we'll work with you to design a cake that will truly represent you and your special day.

We understand that you are busy so we're happy to discuss your requirements in a way that is best suited for you – on the phone, via email or in person.

We promise that we will do what we can to make the cake process as easy and stress free for you as possible. From communicating with you efficiently during the process and offering creative design solutions to liaising with your wedding planner/ venue to arrange delivery details.

The Consultation

When we design a cake just for you, the initial step is for us to describe what the cake will look like and to provide you with a quote to ensure that you are comfortable with the details.

Once you place a deposit to confirm your order, we will then provide you with a sketch of your design (if required) and you'll get one complementary round of changes. Additional changes are possible but may incur an administration fee.

Cake Tastings

Cake tastings are available by request once the order is confirmed (deposit is placed). Not all flavours will be available during the tasting. During the meeting, we will also finalise the design of your cake. If you should need to reschedule, or cancel, we ask that you contact us no later than 48 hours in advance.

When to book and what to bring

We recommend allowing 2 – 3 months notice and only booking your cake once you have the rest of your wedding decorations, venues and flowers organised.

When contacting us, we request that you provide us with the following information (the more details/pictures you can provide us, the sooner we can come back with design ideas):

- How many people do you need the cake to feed?
- Will the cake be served during coffee or as dessert?
- What budget are you allocating for the cake? (we recommend visiting our gallery to familiarise yourself with our designs and pricing)
- What style do you like (ie. Modern, feminine, bold, funky...etc)?
- The venue (is it big, small, cosy...etc?)
- Your wedding invite
- The bride's dress
- Flower design/colours
- Pictures of cake designs you like

Confirming your booking

We require a 50% deposit to secure the date and confirm your booking. We only take a limited number of bookings each week to ensure we spend quality time with each creation and we can't guarantee your order until a deposit is placed.

Full payment is then required one week before the delivery/pick up date.

Please note that the cake will not be delivered or allowed to be picked up if it is not fully paid.
